Professional Washers and Dryers designed for long-lasting, heavy-duty use

The Whirlpool professional range of laundry appliances addresses the needs of small and large laundry facilities.

The range consists of washing machines and tumble dryers, with either medium and large load capacity. They are designed for maximum reliability and durability, ensuring they can withstand the toughest environments.

Premium washer

*The best performance
with low consumption.*

6TH SENSE Technology

Resources saving

When it comes to daily laundry, saving energy matters. Whirlpool Professional products know exactly how to do it, thanks to **6TH SENSE Technology** that uses sensors, a flow meter and pressure switch, to determine the exact load weight and adjust energy accordingly. In this way, the Premium washer offers an outstanding and efficient cleaning performance with great savings: up to 45% of energy*, at every wash.

*Tested on Full Load 45 min, Cotton, Mixed and ECO 40-60 cycles with vs without 6TH Sense.

ZenMotor

Enjoy the silence

ZERO VIBRATION, ABSOLUTE SILENCE (A class noise)

The Premium washer features innovative **ZEN Motor**, which is directly attached to the drum without the traditional belt, delivering outstanding cleaning results while minimizing noise and vibrations. Thanks to the direct rotation, the set of movements determined by the load and selected program are more precise, meaning optimized energy efficiency and improved steadiness.

SteamHygiene

The best hygiene & garment treatment

Forget bacteria. Pure, perfect cleaning become effortless. When Steam Hygiene is activated, laundry get sanitized by a hot steam flow at the end of the cycle. Air at 70°C/80°C fill the drum for 30 minutes, neutralizing up to 99,9% of Bacteria with no chemicals, in a powerful and natural way.

A deep sanitizing action that guarantee ultimate hygiene for the laundry. It's the optimal option for small business, such as care homes, sports and fitness club, hotels & B&B, where cleanliness and hygiene are vital to prevent contamination and the spreading of germs.

ANTI ALLERGY CYCLE

A special program that eliminate all the detergent traces and 99,99% of pollens, house dust mite, pet hair, all causes of allergies.

Ideal for environment such as care homes and nursery schools that must be always clean and safe because children are susceptible to all types of illness.

FreshCare+

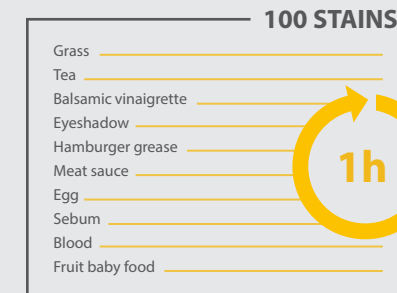

A new dimension of freshness

With the Premium washer, unloading the washer the very moment the cycle is over is no longer essential to avoid bad odours and creases: Fresh Care+ takes care of both. Once the cycle is over, a steam flow is released inside the drum, gently massaging the load with several slow bidirectional oscillations. These combines actions **keep clothes fresh** inside the washer for **up to 6 hours after the end of the cycle**, preventing the proliferation of the main odor sources.

ANTI STAIN CYCLE

Through the More Cycle selection there is a set of very specific useful cycles, including the Quick Anti Stain Cycle, able to remove more 100 stains in just one hour. It is the perfect washing programme for business with a rapid turnover of tablecloths and towels that need to be washed quickly and effectively.

Robustness & safety

EXTRA LONG LIFETIME

STUDIED TO LAST MUCH LONGER THAN A STANDARD WASHER

Built to bear all the electrical and mechanical safety tests required by the Machinery Directive 2006/42/EN. Thanks to the sturdiness of its components, it's engineered to perform up to 5.000 cycles without any problem. The Life Cycle Test has been done with the Rinse & Spin cycle, the most stressful for the machine.

FULL AQUASTOP PROTECTION DEVICE

Equipped with the most effective anti-flooding system made of a double inlet house and a tray on the base of the machine which collects the water in case of breakage while a sensor blocks immediately the incoming water.

Extreme safety, in case of breakage there is no fear of flooding and the machine automatically stops functioning.

Premium washers

6th SENSE Technology

The intuitive sensors adapt resources according to the size and type of load, guaranteeing optimal performance while saving energy, water and time.

Zen Motor Technology

The quietest motor on the market.

Steam Refresh

A flow of steam, that lasts just 20 minutes, removes unpleasant smells and relaxes fibers.

Steam Hygiene

This treatment removes up to 99.9% of the most common bacteria.

FreshCare+

It delicately steams and gently tumbles your laundry for up to 6 hours once the washing cycle is over.

Anti Allergy Cicle

It eliminates all the detergent traces and 99,99% of pollens, house dust mite, pet hair, all causes of allergies.

Anti Stain Quick Cycle

Remove more than 100 kinds of stains at 40° without the burden of pretreatment.

Professional dryers

Experience the next level of precise drying.

The new Supreme Care Professional Dryers combine the energy saving efficiency of the heat pump technology with the long-lasting durability for the commercial usage.

3Dry Technology

Bulky items evenly dried

The 3Dry Technology allows a **unique three dimensional air distribution**, reaching every inch of the drum. The hot air enters both from the holes in the back of the drum and the holes on the lifters, ensuring a more powerful heat distribution. From today, uniform drying of bulky items such as bed linen is guaranteed with no more wet zones.

An eco-friendly solution

The heat pump reaches the energy efficiency a++

Thanks to the Sense Inverter Motor and the heat pump technology, the new Professional Supreme Care Dryers assure the **max energy efficiency without compromising the drying results**. To dry a full load with cotton cupboard dry, you can **save up to 60% kWh than a condenser standard**.

FreshCare+

Freshness and softness for up 6 hours

Fresh Care+ is the solution to keep the garments fresh and soft inside the drum **for up to 6 hours after the cycle ends**, avoiding the creation of bad smells and preventing from any folds, thanks to the ideal temperature condition kept inside of the drum for long, together with the delicate tumbling action. This technology allows consumers to unload the dryer whenever they need.

THE BEAUTY OF THE WOOL ALWAYS PRESERVED AT BEST

A delicate drying cycle that **respects the beauty of the finest woolen garments**, maintaining them soft and smooth as new. It gently dries garments labeled “hand wash”. Thanks to the **Sense Inverter Motor**, that enables the satellization phase at the end of the cycle, the clothes cling to the side of the drum, so their fibres are protected from chafing and felting. The cycle is endorsed by the Woolmark Company and gained the prestigious **Woolmark Blue certification**.

Easy-Cleaning filter

Cleaning the filter has never been so easy

A little filter collects the fluff in the condensation area, making the cleaning operation easier than ever. It takes just 3 little steps: open the filter, pull the ergonomic handle to extract it and clean it. **The dryer will work for longer at its best.**

Premium dryers

6th SENSE Technology
The intuitive sensors adapt resources according to the size and type of load, guaranteeing optimal performance while saving energy, and time.

6th SENSE 3Dry Technology
Soft air for powerful and delicatedrying.

Soft Move
Customised drum movement for a tailored care of your garments.

FreshCare+
Keep your garments fresh up to 6 hours after the cycle is over.

Woolmark Blue Certification
The beauty of wool always preserved.

Easy Cleaning Filter
Easily remove and clean the filter in only three simple steps.

Atlantis Top Load Washers and Dryers

Great results in ultra-large dimensions

New functions and lower consumption make the Atlantis Collection an ideal and efficient laundry solution for small businesses.

Top load professional washer

Designed to wash more in a single load.

HIGHEST LOAD CAPACITY

Thanks to a 99lt drum capacity, it is possible to process all laundry up to **15 kg with a single load** to save time.

EXTRA SPACE

With a **198-litre drum capacity**, there is plenty of room to easily handle large loads and bulky items.

PORCELAIN DRUM

The anti-corrosive properties of the porcelain drum prevents cracking, chipping or rust build-up.

SMART AGITATOR

The smooth shape of the agitator ensures the right level of friction, reducing laundry entanglement combined with its unique ability to protect fabric fibres.

Top load professional dryer

Robust and easy to use.

Autodry System

Innovative and intuitive built-in sensors enable the 6TH SENSE drying technology to automatically detect when the laundry is dry and stops the cycle to prevent over-drying.

WRINKLE SHIELD™ OPTION

When you are unable to remove a load of clothes from the dryer as soon as it stops, wrinkles can form. The Wrinkle Shield™ feature periodically tumbles, rearranges, and fluffs the load to help keep wrinkles from forming.
